SOME COMPANIES GO TO ALL CORNERS OF THE EARTH FOR NEW GAMES

WE'VE GONE A

GYRUSS™ While others are out talking about great space games, we're making them. No gimmicks. . . just one of the most astonishing game concepts ever developed. It will be the standard by which all other games are measured.

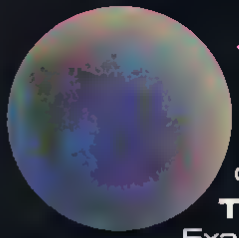
A BIT FURTHER
RAUCHMANS

2,750,000,000 MILES FROM HOME



Your journey to Earth begins on the cold, dark, planet Neptune, almost 3-billion miles away. You are in command of the ship Gyruss™ through its journey and circular orbit of each planet.

The Adversery

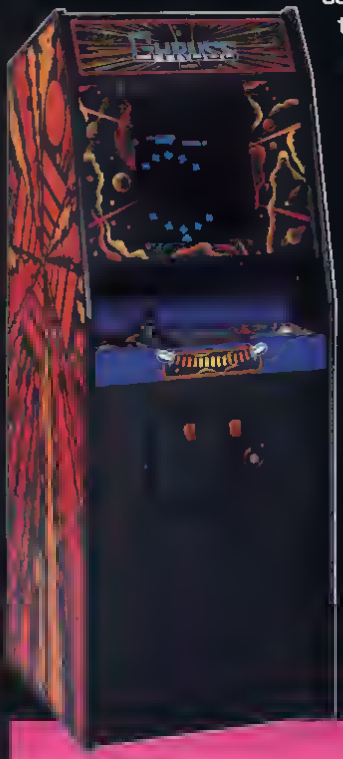
Exarsions, Petarions, Terariona & Gigarions, all members of tha evil Ideoclan Empire stand ready to end your miasion before it begins.

The Confrontation

A distant glow in the center of the universe emerges. . . the enemy attacks with interplanetary force. . . You fire away while moving through your orbital path. . .

Take e Chence

Every four stagea you enter the chance atage where you are invulnerable to the powerless Zigmas and Dogmas. It's your chance to greatly increase your score.



23, Count'em, 23 Stagee

From Neptune you soar to Uranus, Saturn, Jupitar; Mars and with luck (and a great deal of skill) you return safely to Earth. A total of 23 stages make up this dynamic game.

Everything You Ever Wanted In A Video Game

From A to Z, from Action to Zigmas, this game haa it all. And let's not forget about quality, because we never do.

GYRUSS™ is manufactured under licenaa from Konami Industry Co., Ltd.
